Eric Electronics Incorporated

An industry leader in passive, electro-mechanical component distribution

As the electronics industry matured and competition from global markets emerged, Eric Electronics was one of the first to pioneer Materials Management programs specifically tailored to the needs of its customers. Today, Eric Electronics continues its tradition of providing leading edge technology, flexibility, quick-turn responsiveness, and top-level quality service to its customers.

The Eric Electronics linecard is comprised of world class component manufacturers utilizing industry leading technology. These solid distribution partnerships are the cornerstones of our product offerings. Only those manufacturers who share Eric's commitment to excellence are represented. It is this salient philosophy which drives the advancement and selection of Eric Electronics' family of products.

Eric Electronics can meet your real-time requirements with "customerized" real-time solutions. Our team of skilled professionals, backed by decades of experience, is able to respond to your needs of today, but also anticipates your needs for tomorrow.

Each of our employees benefits from Eric's Total Quality Management (TQM) program. A fundamental process at Eric Electronics since our inception, TQM ensures ongoing training and evaluation. The result is a team empowered by continuous improvement and backed by strong leadership.

UL RECOGNIZED CSA APPROVED

www.ericnet.com

ENTERPRISES
Value Added Services Group

Eric Electronics Responds to You!

Our AMP ACES program provides our customers competitive pricing and accessibility to AMP tooling and equipment, a benefit which most manufacturers do not have.

Enterprises Specializes in:

- Custom Cable Assembly
- Connector Assemblies
- Passive Turnkey Assembly
- Passive Kitting
- MRP Management
- EDI Transactions
- Custom Push and Pull Material Logistics Programs

Developed by Eric Electronics, **Enterprises** is a stand-alone business unit dedicated to Value Added Services. Enterprises has full VA Cable manufacturing in both our San Jose and Irvine, California locations.

Enterprises is committed to supporting our customers' needs - from proto-type to full production - with local inventory and quick-turn manufacturing for those times when your requirements are urgent.

Enterprises Value Added programs not only offer full cable assembly manufacturing, but also a variety of other services for your business needs.

Call for more information.
